Bachelor's degree in Science of Physics

MAN 2 Kota Malang

July 2021 – May 2024

majoring in Mathematics and Natural Sciences

SMP Nusantara Pronojiwo

July 2018 – May 2021

Skills

- Programming Languages (C++, C#, Python, Java, JavaScript, Typescript)
- Web Developing (HTML, CSS, Markdown, Node.js, Next.js)

Experience

- **M2KM Math Club's Carabao Cup 2023 Committee (December 2023)**

Carabao Cup is an annual internal math olympiad competition held as an evaluation of students after their study in the club for 6 months. Carabao Cup is also held as a preparation for the club members before they enters the selection test for Kompetensi Sains Nasional.

- **M2KM Informatics Olympiad Team (2021 – 2023)**

A team that focuses on informatics competitions, such as informatics olympiads or programming contests. This team consists of 3 people who have expertise in algorithms, programming, and problem-solving, with the aim of achieving achievements in various competitions especially OSN/KSN.

- **Game Developer of Tremicle 2024**

Tremicle is a grand art performance event at Ma'had Al-Qalam, MAN 2 Kota Malang, organized by 12th-grade students. The event showcases a variety of performances and is uniquely designed with an epic presentation, setting it apart from previous years. This event is a heartfelt tribute to the younger students and the teachers at Ma'had Al-Qalam, offering them a memorable final experience before the graduating students take their leave from Ma'had Al-Qalam, MAN 2 Kota Malang.
